**MEMORANDUM FOR: The Inspector General**

**SUBJECT: Report on "Coordination of External Research" to the Inspector General, dated 6 August 1954**

25X1A9a

1. [REDACTED] of the DDI office has reviewed a copy of subject report. His only critical comment is one that I believe worth passing on to you for your use in dealing with the Clark Committee.

2. Tab A of the report, a representative list of CIA external research projects in progress or recently completed, records the total cost of each project as the "Estimated Cost" with the exception of continuing projects, in which the cost per year is indicated. [REDACTED] believes that in the case of large projects that continue for more than a year, the length of the project should be noted.
